Jim:

Reference: JV-P-166

The inventory lists attached to the referenced letter require the following addition under Schedule 1, Government-Furnished Equipment:

"G" & "H" Window Blanks, P/N 111-0966 and P/N 111-0967;
Quantity Customer-Furnished: 5; Diversions: 5; Comments:
Transfer to RE-518.

In our phone conversation you asked to the whereabouts of the Collimator Stand, Model 73C, P/N HG 735375. This is listed in error on Schedule 2 as "Lightweight Iron Test Stand". Although the Government Furnished Equipment listing specifies only one, we have two on hand and would like both transferred to RE-518 for use on the work now being undertaken on PR-8200.
